Dear Parents:

Our Mother's Day Store was a huge success; again! Thanks to the numerous parents who volunteered and spent many hours purchasing items and working in the store over the past three days. Children were thrilled to come and buy a gift for Mom. Happy Mother's Day.

Over the course of this school year a committee of staff members and parents have been working towards updating our school logo. One of our goals was to strengthen our partnership with LFMSS not only in our pillars of the fundamental school system, but also in building common community. Our elementary school community works hard at developing positive character traits in our children and they continue this at LFMSS with their Titan Traits. It seemed like a natural fit to align with Titans, but with a younger and more youthful flair. The person who worked with our team to create our logo was a former Fundamental grad. She was excited to have the opportunity to give back to the school system that she credited her success to.

The shield can be separated from the logo and used on spirit wear for students/parents to purchase. We are looking forward to offering this early next year.

Reminders for Parents

A reminder that supervision for students begins at 8:25 am and ends at 2:55 pm at the last bell. Students that are dropped off early and picked up late are not supervised during these times. Please make arrangements to have someone pickup/drop-off your child if you are unable to during these hours. Thanks.

Summer Session 2019 registration is now open for students currently enrolled in the Langley School District! Elementary and Middle Years classes run July 8 to 26 from 9:00-12:00 at various sites throughout the school district. There are classes for students who need could use some extra support to building their skills in literacy, numeracy or language skills ("Skill Builder" classes) as well as classes for students in a variety of interest areas, including Fine Arts, Creative Writing, Math, Science, Technology and a fully outdoor, multi-interest class at three regional parks in the Langley area ("Explorations" classes). Registration priority is given to students currently registered in the Langley School District based on space and staff availability but it will be opened up to out of districts at the beginning of May. Since Summer Session has become a very popular option over the last few years please check it out while space is still available if you are interested. For more information and to find out how to register go to sd35summersession.ca

Learning Commons News

Langley Book Of The Year: Congratulations to the following students who have qualified for our celebration lunch: Tate Kim, Ava Gonzalez, Maelle Snyder, and Jack Gerow. Our pizza celebration lunch will take place on Monday, May 27th from 11:30 – 12:30 in our library. Qualifying students will receive an invitation soon and they will not need to bring a lunch to school on the 27th.

Summer Reading Club 2019: Imagine The Possibilities! Sign up in June at the Fraser Valley Regional Libraries for summer reading for the entire family. Please keep your children's reading logs since we will be displaying them on the bulletin board outside the library in September.

School Goals

Character: Tomorrow we will be having a short assembly to wrap up our respect trait and introduce perseverance.

Numeracy:

Ten-Twenty-Thirty

Try this single-player addition game! All you need is a deck of playing cards to get started. Try to find sums of 10, 20, or 30 in order to clear cards. Practice your adding, and double check your work. If you can clear all of the cards, you'll win! "Ten-Twenty-Thirty" is a great way to have fun while practicing simple addition facts. After you've mastered the directions, check out the variations for new ways to play.

Skill:

Addition

What You Need:

One deck of playing cards

What You Do:

1. Shuffle the deck. Create a row of seven cards, face up. Place two cards on top of each of the seven so you have seven piles of 3 cards each. Arrange the cards so you can see the face value of every card.
2. Place the rest of the deck to the side, to be used later.
3. The object of the game is to remove a pile when the sum of all of its cards is 10, 20, or 30. All face cards equal 10. For example, if a pile has an ace, 9, and jack in it, it could be removed because its sum is 20 (1 + 9 + 10). Go ahead and remove all of the piles that equal 10 to start.
4. Deal a fourth card on top of every pile that remains. Remove any stacks that now equal a multiple of 10.
5. Deal a fifth card on top of every pile that remains. Remove any stacks possible.
6. Continue adding cards and removing stacks until your deck is depleted or the stacks have all been removed.
7. If you remove all the stacks first, you have won! If your deck is emptied first, try again.
